

AN ESCAPE THWARTED.

Two Desperate Criminals Attempted to Scale the Walls

Which Surround the Ohio Penitentiary---Both were Desperate Prisoners and are Serving Life Sentences for Murder.

Columbus, O., Nov. 11.—(Special)—Warden Darby has succeeded in preventing the escape of two of the most desperate men confined behind the big prison walls. The scheme was well planned, and the wonder is that it did not succeed. The warden had information that two men with ward permits were preparing to leave the prison by the wall route, but that was the most he could learn. Every precaution was taken, but the attempt was not made in the manner that it was believed had been decided on. Prisoner Harry Davis approached the west wall, and calling up to Guard Darby asked him if he did not want a warm cup of coffee and a piece of pie. The guard accepted the offer and lowered his bucket for the good things. When he put the coffee to his lips, however, he discovered it had a bitter taste. This excited his suspicions and he neither ate the pie nor drank the coffee, and it is well that he did not for had he done so he would never have awakened as they contained "knock out" drops sufficient to kill several men.

In a short time the prisoner began to throw stones up at the guard's house on the wall to see if the guard had fallen asleep. Warden Darby was notified of the occurrence and Davis and Charles Geske, a life man from Lorain county, were placed in their cells and the department in which they worked searched. In searching the premises two Smith & Western revolvers, .38 calibre, cartridges, two suits of citizens clothing, a number of cigars and an immense knife with a 12-inch blade was found.

Davis is serving a life sentence from Wood county for killing a policeman at North Baltimore. Geske is a life man from Lorain, serving a sentence for killing his step-father. The men are now in solitary confinement, but just how they came in possession of the instruments of death which they had secreted, is past finding out.

THE KING'S BIRTHDAY.

Victor Emmanuel III, of Italy is Thirty Years Old Today and His People Pay Homage to Their Sovereign.

Rome, Nov. 11.—Throughout Italy today was celebrated the thirty-third birthday of the king. In Rome the observance was quite general and there was great rejoicing. Special services were held in the churches and prayers were offered in anticipation of the interesting event expected in the royal family next month. At the Quirinal messages of congratulation were received during the day from Emperor Francis Joseph, Emperor William and other rulers of Europe.

Victor Emmanuel III, has changed greatly in the two years that he has occupied the throne of his father and grandfather. Two years ago he scarcely made a statement destined for publicity that did not express or imply his correct conduct as a thoroughly constitutional monarch and servant of the people. Men who knew him intimately whispered among themselves that he even had socialistic proclivities. Then gradually a change began to show itself. He became more reserved, more self-conscious—more of a king. He talked more about what his father and grandfather had done for Italy, and how he would complete their work. His attitude toward Italians was no longer that of a gifted, favored elder brother, but of a father. Nevertheless, his development thus far had been of natural, native growth and purely the work of varied Italian influence.

Then last August came his visit to Berlin and Potsdam, and a revolution in his delicately constituted personality was wrought. Whether this revolution has extended beneath the surface or whether it will please the Italians remains to be seen. But for good or ill, for a long or a brief period, he has now the indomitable, exalted Hohenzollern pose, which has manifested itself recently in his severe conduct toward his uncle and cousins.

ONE CANNOT WIN ALL OF THE TIME

And the Russian Baccarat Player is no Exception to the Rule.

St. Petersburg, Nov. 11.—Count Poklevsky Kezell, Russia's champion card player, is bankrupt after a series of unprecedented losses. Last week alone he lost a million rubles at baccarat. He was compelled to sell his ancestral estate valued at 500,000 rubles besides sacrificing his entire fortune to pay his debts. He is now destitute and intends to emigrate to America and start afresh.

Thousands of Soldiers Have Been Recalled From the Mines.

Wilkesbarre, Nov. 11.—All the soldiers in the upper and middle coal

WILLINGNESS

To Aid Friends Cost a Cleveland His Life.

Cleveland, Nov. 11.—Garland Heisley, a son of Bek. M. Heisley, is dead. Recently young Heisley was out in his steam launch with friends. It became disabled in a heavy sea, and to save his friends and secure help, he volunteered to swim ashore, two miles. As the result of exposure and exhaustion, he died today.

BOTH SIDES

Of the Threatened Railroad Strike

Have a Willingness to Keep Peace Which May Avoid Trouble.

Chicago, Nov. 11.—Advances made by both sides of the railroad situation encourage the belief that a strike will be averted, and a settlement effected. The acceptance by the new switchmen's union of the offer of the railroads, to grant an increase of 10 per cent, weakened the resolution of the members of the old organization and a majority of them are said to be in favor of returning to work under the wage scale proposed by the roads.

ALLIGATOR

Swallows Negro Boy in Swampy Florida.

Sampson City, Fla. Nov. 11.—While the 13 year old son of Oscar Dyal, a prominent farmer of this section and a negro boy about the same age were on a canal hunting squirrels, Monday, the negro boy got down on his knees to get a drink of water, when a large alligator knocked him in the canal, seized him and carried him under the water. Young Dyal immediately gave an alarm, and searching parties went out, but the boy was not found.

FIRST DAY

Was Disastrous for a Delphos Hunter.

Wm. Bryan's Shot Gun Discharged and Part of His Leg Was Shot Away.

Wm. Bryan, of south Delphos, met with a serious accident at about noon yesterday, says the Herald. He and Ivan May were out hunting and had been on a farm about two miles southwest of Delphos. May climbed over a fence and was standing in the road, and when Bryan was in the act of jumping from the fence, the shot gun that he held in his hands was accidentally discharged. The full contents of the firearm entered Bryan's left leg about midway between the knee and the ankle. The charge plowed diagonally through the leg, tearing away the flesh. About two inches of the large bone was shot away.

Bryan was brought to town by a farmer and taken to the office of Dr. Jackson, but as Mr. Jackson was in the country making a call, Dr. Weger and Moots were called to give attention. They were assisted by Dr. Jackson upon his return. An examination revealed the fact that the wound was a serious one but the doctors will make an effort to save the leg, as the small bone was not affected by the shot.

DISPATCHER LEAVES ERIE.

John R. Dearth, former Erie chief dispatcher, will leave next week for Roanoke, Va., where he has accepted a position as dispatcher, tendered him by the Norfolk & Western. He will have his headquarters in Roanoke which is on the Bradford division. The position came to Mr. Dearth unsolicited and the offer of it contained a flattering tribute to his ability.

Mr. Dearth was a dispatcher on the Erie for many years and later held the position of chief dispatcher, then travelling trainmaster, and when that position was abolished, was returned to the chief dispatcher's desk.

While Mr. Dearth will not say exactly what it is, it is known that his chance for promotion from trick dispatcher, so soon as he shall have learned the road, is excellent.—Galton Leader.

SHEETS

Opinion in the Badger Case

Is Ridiculed

By Congressmen Who Assume to Know

What the Usual Course of Procedure is in Similar Cases.

Congressman Taylor Says There are Many Precedents for Seating Congressmen Elected Under Similar Conditions.

Columbus, O., Nov. 11.—(Special)—Congressman R. W. Taylor, chairman of election committee No. 1 in the national house of representatives, ridicules the position of Attorney General Sheets in his claim that Judge Badger rendered himself ineligible to his seat in congress when he failed to resign from the bench prior to the election. He says there are many precedents for seating Judge Badger, other judges having been elected to congress, while still declining to resign their position on the bench.

Will Sue For Collection of Taxes. Last winter the legislature passed a law authorizing county treasurers to sue for collection of liens on property caused by the non-payment of taxes and assessments. Prior to that the county could not. Yesterday the county commissioners here authorized County Treasurer Sims to make a contract with some one to collect delinquent and forfeited taxes in this county, and he contracted with Geo. Gagle, who is to receive a commission of 25 per cent.

Ohio Grocers Will Meet. The official call for the state convention of the Ohio Retail Grocers' association has been sent out by President Ashley, and it announces that

DEPOSITS DOUBLED

According to a Treasury Official Who Hands Out Some Figures at the Meeting of Bankers.

New Orleans, La., Nov. 11.—At the twenty-eighth annual convention of the American Bankers' association today, more than 1500 visiting bankers, representing all sections of the country, were present. The amount of capital represented is given at \$10,000,000. Addresses of welcome were delivered by Governor Heard and Mayor Capdeville. Myron T. Herrick, of Cleveland, president of the American Bankers' association, replied to these speeches, and followed with his annual address.

The day's proceedings were brought to a close with addresses by Wm. B. Ridgely, comptroller of the currency and Mr. Johnston of Milwaukee. Comptroller Ridgely spoke of the changes in banking conditions and said "Clearing house transactions have increased from 54,000,000,000 in 1897 to one hundred and fourteen billion dollars in 1901, an increase of sixty billions. That is, they have more than doubled in amount. From 1892 to 1902, individual deposits have increased from \$4,695,000,000 to \$9,089,000,000 or have almost doubled in amount. Proceeding, Mr. Ridgely averred that the great prosperity that has visited the country, was based on the soundest fundamental conditions.

But in spite of this banking and financial situation looked upon with considerable apprehension, he suggests that the present system of conducting the treasury be so changed that the funds of the government can stay in channels of trade, thus keeping the volume of currency up to the demand

PRESIDENT BAER REPLIES TO MINERS.

Says Their Demands are Arbitrary, Unreasonable and Unjust.

Washington, Nov. 11.—The reply of president Baer of the Reading railway to the demands of the miners, was made public today. He says the demand for a 30 per cent increase in wages is arbitrary, unreasonable and unjust. He says the wages paid in the anthracite field are no standard by which to gauge the wages in the anthracite field. He says also the miners are getting as much wages as are paid to other laboring men in the same locality and says the seasonal wages are reduced by the miners refusing to work so many days per year as other laborers.

VERY SLOWLY THEY REPORT.

The Counties' Vote at Last Tuesday's Election

Is Gradually Being Filed With the Secretary of State. Thirteen Counties were Reported Yesterday, Each Showing a Very Light Vote.

Columbus, O., Nov. 11.—(Special)—Thirteen more counties' votes have been tabulated by the secretary of state, making 38 in all received and verified. In these 38 counties the total vote cast was 246,300, so that while almost half of the counties in the state have now reported their votes, less than one-third of the total vote is recorded, because of the fact that the counties that are now in are mostly small ones.

It appears that the total vote cast in these counties, last Tuesday, is less than the total vote cast at the election for governor in 1901 by 6,945 votes. Applying this rate of loss to the whole vote in the state, it indicates that the loss in total vote this year will be 21,397. This would mean a total vote this year of 815,840.

The total vote cast for secretary of state last Tuesday is less than the total vote of the state cast, in these 38 counties, by 4,357. This indicates that the total vote cast for secretary of state last Tuesday in all the state was less than the total vote cast at that time by 15,244, so that it is now indicated that the total vote cast for secretary of state last Tuesday—the number upon which the prize guessing contests were based—will be \$10,596. This is a falling off in that vote from the number indicated by the 35 counties reported in these columns yesterday of 10,990. Yesterday morning the indications were that the total vote would be about \$10,000. Now with 33 counties in the indications are that it will be but \$10,000. Other counties coming in may swell or decrease this number.

VALLEY OF THE OHIO WOULD BE IMPROVED

If the Government Would Give It a Little "Panama" Attention.

Parkersburg, W. Va., Nov. 11.—"Pittsburg to Panama," is the slogan of the eighth annual convention of the Ohio Valley Improvement association in session here. Several hundred delegates from points in Pennsylvania, West Virginia, Ohio, Kentucky, Indiana and Illinois are present. President John L. Vance called the convention to order this morning. He bitterly lamented the fact that such a wonderful natural waterway as the Ohio river had been so little improved in all the years of its usefulness, while such enormous sums are expended annually on the seacoast. He made the statement that in five years the government, by making a reasonable appropriation for the work, could so improve the Ohio river as to increase the wealth of the valley tenfold.

LOSS NOT SO GREAT AS FIRST REPORTED.

Damage to East River Bridge from Fire Will Not Exceed \$75,000.

New York, Nov. 11.—It is now known positively that no lives were lost in the new East River bridge fire. The fire was started by a careless workman who threw a match or pipe of ashes into a barrel of tar and oil used to make the cables weather proof. An examination of the cables were all right and would not have to be taken down.

LIFE OF MOLINEUX HANGS IN A BALANCE.

Famous Murder Trial was Brought to an End This Afternoon.

New York, Nov. 11.—Assistant district attorney Osborne, finished his summing up for the prosecution in the Molineux case at 12:15 o'clock today, when an adjournment was taken until 1:15 p. m. When the court reconvenes, Judge Lambert, in his charge to the jury said: "No one saw the defendant purchase the poison; no one saw him wrap up the package; no one saw him mail it. It is for you to determine whether these people established a case by their testimony. You must determine whether he wrote the address."

DAUGHTERS

Still Loyal to a Lost Cause, Meet in New Orleans.

New Orleans, La., Nov. 11.—The general convention in session here of the United Daughters of the Confederacy, representing all of the

Southern states, is a notable gathering. There are several hundred delegates, representing the wealth, intelligence and aristocracy of the South. Today was given over to receiving the visitors who arrived on every incoming train. This evening there will be a formal welcoming meeting in Municipal Hall. The business sessions commence tomorrow morning and continue through the remainder of the week.

(Special)—There are some interesting features in the Wood county field at the present time, though there is a dearth of what may be termed outside ventures, the old defined territory furnishing the best of developments. In this district the operators are now getting 89 cents per barrel for their oil, and at this price there is bound to be some unusual activity, even if it is confined to picking out hitherto overlooked spots in the defined areas of production. The question of fuel is still bothersome, and contractors are chary about taking up work at the current prices, in view of the probable loss and delay due to the scarcity of coal, but when operators make up their mind to go ahead with drilling they will usually find a way to overcome the greatest of difficulties.

There have been few transactions in oil property of late, the most notable being a deal for land and royalty, by which G. C. Neering secured the M. Vernon farm, in section 36 Plain township, at \$1000 per acre. There are 50 acres in the piece, and 15 wells have been drilled thereon, four of which are now operated by the Century Oil Producers' company. The production is at present light, but it is said that with proper management the farm could be placed on a good paying basis.

L. W. Shirley has returned from California and is planning quite a campaign for the fall. He has leased up a number of the town lots at Portage which were pretty well drilled over in '93 and '95, and it is expected that he will soon give them a more thorough testing. He lost a good well on the Austin Patterson farm last Tuesday, some trouble with the gas engine resulting in a fire which burned the rig. The well was completed last fall, but still had a very good production. There was no loss of oil.

A DEEP ONE

Drilled in, in Section Sixteen of Liberty Township.

Shirley has a curiosity in his No. 17 well on the W. A. Sargent farm, in section 16 of Liberty township. When drilled to the ordinary depth in the sand the well did not make much of a showing as a producer, though there were some indications of oil. The farm is owned by Shirley in fee, and as an experiment he decided to drill the well deeper, giving a contract for 700 feet in the sand.

Pure and Delicious

No cereal, no meat, no vegetable, can alone and of-itself equal the health giving qualities of combined fruits and grains. What one lacks the other supplies.

California figs and prunes combined with selected grain by our special process makes a delicious Cereal Coffee, rich in nutriment and pleasing to the taste.

Headache

Headache, sour stomach, constipation and all liver ills are cured by
Hood's Pills
The non-irritating cathartic. Price 25 cents of all druggists or by mail of C. I. Hood & Co., Lowell, Mass.

township, and Samuel Blakely says he is going to drill another well on the D. Hampton farm, same section. There is little work in the Water-ville or Monclova district. In the former, Ralph Bros. are drilling their No. 1 on the H. E. Vanfleet farm, section 29, and in Monclova township, the Randall Oil company has No. 6 J. Fausz, section 17, under way.

NEW WORK

In Plain Township is Steady But Not
Exciting.

The Ohio Petroleum company's well on the James Miller farm, in section 10 of Plain township, which created some excitement last month, is not such an attraction at present, and there is a probability that those who were making such an unearthly scramble for leases will not be in such a hurry to go ahead with the drill, until a something better is developed. The first well on the Miller started at a pretty lively pace, but soon pumped off and it was then concluded to drill it deeper. This was finished up and the shot put in Thursday. They are still cleaning out, but from all indications the well will be only a fair producer, possibly good enough to induce further operations. The same company has rig standing for No. 2 on the Miller, but it has never been started drilling. Bailey Bros. have built the rig for No. 1 on the A. Sandler farm, south of the Miller, for which they are said to have put up a bonus of \$7,000. Pretty good price for a lease, but when everybody rushes at once, some one has to pay the price. On the Eckert farm, Dumm & Co., of Toledo, have the rig timbers in. There are a number of leases taken in the neighborhood, but all appear to be awaiting the result of the Miller farm wells before putting in their money. This stuff is a little west of north of the McClung farm, which has hitherto been considered as the terminus of a low streak running northward from the general development, and to the westward of the "Sucker Rod" belt. It looks as though the Miller well may head off the lower production, but it is a question as to how far that small streak will extend northward, and be remunerative.

Star & Ames have what appears to be a very good well in their No. 3 on the Ruth H. Cook farm, in section 26 Plain, though it is just being put to pumping and an accurate estimate of its production has not been obtained. On the Win Redman farm, same section, G. Reusens' No. 2 is still making 50 bbls per day, and he is drilling No. 3, with rig in for No. 4. P. B. Hanks' No. 2 on the Shroftstein heirs farm has just been completed and looks to be a fair well.

The Eastern Consolidated Oil company is drilling No. 11 on the James Carr farm, and has rig up for No. 15 on the G. W. Hartman, in section 27. This is part of the property the returns from which go to the First National bank, of Toledo, in satisfaction of the \$55,000 mortgage. The No. 14 on the Hartman, upon which so much advertising space was wasted—well, if some of the stockholders could see it producing a measly 5 or 10 bbls per day, they would wonder where the manager got his impression that it would be good for more than 200 bbls. It went roily at first and was drilled a little, but could never make more than 30 bbls at the outside, and the entire 14 wells on the Hartman will not do 75 bbls per day at present.

The Donnelly Oil company has completed No. 11 on the H. Hughes farm, section 27, and it will do about 50 bbls the first day.

Charles Magill & Co. are not drilling their No. 1 on the George Green farm, in section 22 Plain, having shut down because of the lack of coal. This well is a good mile west of the nearest production, and if it results favorably would add considerably to the producing areas.

D. B. Whipple's No. 4 on the V. Sandler farm, section 22, is pumping salt water, and he has the rig up for No. 5.

L. D. Langmade's No. 10 V. R. Porter, in section 34, was good for about 5 bbls. He has the rig up for No. 3 on the C. Fogler farm, same section. On the R. C. Minear farm, section 35, the Century Oil Producers' Co. is drilling No. 7 well, and in section 36, E. O. Sargent has the rig up for No. 5 on the H. L. Kramer.

OPERATIONS

Of Recent Date in Several Buckeye Townships.

In Portage township, the Ohio Oil

company has hauled in the rig timbers for a new well on the Dewitt farm, section 18. The well drilled on this farm four months ago is pumping considerable water.

Percy & Shuler are drilling No. 5 on the H. D. Coffinberry farm, and J. W. Shirley is drilling No. 15 E. J. Floyd, both in section 7. F. C. Leonard & Co., left two strings of tools in their No. 8 on the J. C. Larwell farm, section 18, plugged the hole and moved the rig.

In Liberty township, the Union National bank is drilling No. 18 on the H. L. Stratton farm, section 2. The Exchange Oil Co.'s No. 14 on the Lehman Bros. property, section 11, started at 35 bbls. G. F. Munn is drilling a well on the acre piece in the rear of his house, section 10, and is in the sand with a nice showing for production.

IN PUTNAM COUNTY

Has Been Drilled a Well Which is
No Gusher.

Ottawa parties have drilled a well in Pleasant township of Putnam county, three and one-half miles southeast of the town of Ottawa, which does not appear to be in line to break the market. It was drilled by the Base Line Oil company on the B. T. Myers farm, in the north-west quarter of section 1, and has been completed for about three days. It was put to pumping and produced some heavy B. S. but there is little indication of an oil production. Pumping will be continued, in the hope that something better will result. There have been several wells in that part of the country, but none immediately near the Myers farm. In the southeastern portion of Riley township, there is some production, an extension of the Bluffton field. Others have been drilled in Blanchard township, but with no success. This well is located near the corner of four townships, and was designed to test a considerable area of leases which have been taken in that neighborhood.

JUST WHAT YOU NEED.

Chamberlain's Stomach and Liver
Tablets.

When you feel dull after eating.
When you have no appetite.
When you have a bad taste in the mouth.
When your liver is torpid.
When your bowels are constipated.
When you have a headache.
When you feel bilious.
They will improve your appetite, cleanse and invigorate your stomach, and regulate your liver and bowels. Price 25 cents per box. For sale by Wm. M. Melville, old postoffice corner.

SALE OF LIVERY STOCK.

On next Saturday, Nov. 15, McClung, Robinson & Co., will offer at public sale at their livery barn, 127 and 129 east Spring street, the entire livery stock consisting of 18 head of driving horses, rubber tired huggies, carriages, phaeton, sample wagons, pneumatic tire road wagon, double-seated Stuck wagon, buckboard, one horse teaming wagon, hay ladder, bob-sleds with side-seated beds, sleighs, bells, single harness, double carriage harness, work-harness, single and double, hand-power horse clippers, of fine fixtures and everything that goes with a first class livery barn.

NEW

Companies are Organized

In South Lima

Young Girl Leaves Her Home.

Young Peoples Union of the Baptist Church Elect Officers.

Rev. G. H. Sims Will Dedicate a Church—New Pastor Will be Installed in December.
Other News.

fra Clum will go to Cridersville this evening, where he will consider with the citizens of that place, a proposition to establish there a plant for the manufacture of his recently invented most anchor. The company has been incorporated and is ready to place the article upon the market. Cridersville has offered to donate three acres of ground and furnish a bonus for the establishment of the plant. As there are a number of south Lima persons identified with the company there is disposition to have the new concern locate in this city. Nevertheless, the inducements offered by Cridersville will be thoroughly considered.

Another Incorporation.
A company comprising several local persons was yesterday incorporated to manufacture and place upon the market several of the recent inventions of G. W. Bishop. The company has a capital stock of twenty thousand dollars. They will establish a plant for the production of Bishop's post anchor, shaft shackle, fifth-wheel and trolley wheel. Negotiations are in progress for leasing the old Monroe factory where about one hundred persons will be employed, when the factory is in operation. The new institution will be quite a valuable acquisition for south Lima.

LEFT HOME.
Florence Mowery, residing with her parents on McPherson avenue, has again left home her whereabouts being unknown to her parents. Yesterday she became displeased with affairs at her home and left. While it is not definitely known where she went it is thought she has come to St. Marys. Several months ago she ran away from home. She was located at Celina, and brought back by her father. At that time she gained considerable unpleasant notoriety. This time her parents are indifferent and will make no effort to secure her return.

Elected Officers.
The Baptist Young Peoples' Union, of the south Lima Baptist church have elected the following named officers for the ensuing year: C. C. Klump, president; Cora Van Horn, vice president; Otis Johnson, secretary; Mary Sparling, corresponding secretary; John Surr, treasurer.

Will Dedicate.
Rev. G. H. Sims, pastor of the south Lima church of Christ, has received an invitation to conduct the dedicatory services at the Roscuph church. He will probably accept. The date has not been definitely decided, but will be within a few days. The new church is a handsome and modern one. Mr. Sims is also considering an invitation

TONIC

AND TO CURE THE
SORE THROAT
WHEN
THE TONIC
IS USED
THE TONIC
IS USED
THE TONIC
IS USED

to conduct a two weeks evangelistic meeting at Unopolis, where he preached last Sunday.

Installation.
Rev. W. M. Curry, the new pastor of the south Main street Presbyterian church will be formally installed some time in December. A reception to Mr. Curry and his family will be held at the church next week.

Returned to Lima.
John Barr, a former resident of south Lima, but who for a number of years has been residing at Nashville, Tenn., has returned to this city, and will make this his home in the future.

Lodge Entertainment.
The local lodge of Foresters held a meeting last night to make arrangements for an entertainment to be given at the lodge room Thanksgiving day.

To Oak Harbor.
Robert Shafer, of Forest, well known to many in south Lima, while upon a visit here recently, informed friends he would leave soon for Oak Harbor, where he will take charge of a large hotel. He has had much experience in this business, and will undoubtedly succeed in his new undertaking.

Harley Prospects.
Dr. Daniel Cramer, of south Main street, is in receipt of a letter from his old friend, J. A. Harley, who is engaged in business at Warren, where he is prospering nicely. He was formerly engaged in business here.

Shot the Marshal.
M. Briggs, of Kenton, who is here upon a business mission, says the people of that city and Forest, were greatly shocked by a shooting affray that occurred at the latter place Saturday. James Young, while intoxicated, was creating excitement at his home and mistreating his family, it is alleged. John Handehey, marshal of Forest, attempted to arrest Young, when he fired a shot gun point blank into the face of the officer. While being pursued by an angry mob, Young placed the muzzle of the gun to his mouth and fired, blowing off the entire top of his head. Marshal Handehey, who is a prominent Odd Fellow, and known by a number of persons in this city, is badly wounded, but it is thought he will recover.

Tide of Travel.
Rev. J. V. Updyke, enroute from Rochester, Ky., where he has been holding evangelistic meetings, to Springfield, Mo., to spend Sunday with his son-in-law Rev. G. H. Sims, of south Pine street.

Captain B. A. Holland, of Ada, was here upon legal business yesterday.
Wm. Underwood, went to Fort Recovery this morning upon a business mission.

Mrs. Kitty McCoy, of south Elizabeth street is spending the week with relatives at Spencerville.
Albert Arnold, is home from a business trip to Sidney.
D. W. Williams of Broadway, is at Elgin, for a few days stay.
J. L. Niel, of Roundhead, has returned home after a brief visit at W. E. Hess, on west Kibby street.
S. Bullock and Frederick Banks, are quail hunting in the vicinity of Cygnus.
Miss Lulu Baumgardner, has returned to Van Wert, after spending Sunday with her parents on west Kibby street.

SEVEN

Members of the City Council

Are Appointed

A Committee to Redistrict the City.

Four Republican and Three Democratic Members Chosen.

Market Place Committee Will Visit Dayton and Cincinnati to Investigate Market House Management.

President Overly wielded the gavel at the regular meeting of the city council last night and the following members were present:

Vortkamp, Haegs, Smith, McCullough, Truesdale, Haller, Sherman, Moses and Davis.

Minutes of last meeting were read and approved.

Resolutions to pave Cole street and Lakewood avenue as petitioned for several months ago, were given their first reading.

W. J. Ferguson having resigned his position in the city engineer's department, the question of appointing another man to serve notices of the proposed improvements was laid over for one week.

Question as to rate of interest the bonds, to be issued to pay the cost of the improvements, shall bear was referred to the finance committee to report in one week.

Sidewalk construction contract and bond of William Bressler was accepted, it being understood that owners of the property involved still have a right to build their walks themselves prior to the first of April, next year.

The engineer recommended the acceptance of a number of new sidewalks recently constructed. Report was adopted.

Engineer's report relative to Jameson avenue paving and specifications for the brick paving of that thoroughfare were adopted.

Mr. McCullough suggested that an abandoned freight car be purchased or a building erected on the market house grounds, east of the market house, in which to place tools used by the street force. Referred to the building committee.

Mr. Davis said that the matters pertaining to the requirements of the new municipal code bill would soon of necessity be taken up by the council—the redistricting of the city into four wards and the other matters provided for by the act—and he moved that a committee of seven members of the council, including the chair, be appointed to take up the various matters and report to the council, recommending the changes required.

The motion was carried and the chair named the following committee: First ward, John W. Shannahan. Second ward, Jacob Haegs. Third ward, Chas. Truesdale. Fourth ward, A. Sherman. Fifth ward, Ed. Moses. Sixth ward, R. E. Davis. Seventh ward, C. M. Overly.

The committee is composed of three Democrats and four Republican members.

The P. Ft. W. & C. railroad company made application for permission to erect a watch tower and safety gates at the Elizabeth street crossing. Request was granted.

Resolution to appropriate \$60 to pay expenses of the market place committee to Dayton and Cincinnati, was adopted. The committee will visit the Gem and Queen cities to investigate the systems in vogue there in the management and operations of market houses.

FOR SALE OR EXCHANGE.

Over forty farms, ranging from five to five hundred acres. Some choice bargains in city property on easy terms and reasonable rates. Perfection fire extinguishers a little above makers prices. J. A. Nowell, 115 west North street or 238 Harrison avenue.

When You Get a Headache
don't waste a minute but go to your drugist and get a box of Krause's Headache Capsules. They will prevent pain, even though your skull were cracked. They are harmless, too. Read the guarantee. Price 25c. Sold by Wm. M. Melville, old postoffice corner.

FATTENING STEERS.

Grain and Roughage Fed Mixed and No Hays to Follow.

With the old methods of feeding the steer was fed half a bushel of corn daily and a limited amount of whatever roughness was convenient; the chief and often the only profit in fattening steers came from the gain made by the hogs that picked up the droppings. In many places in the west hogs cannot be kept with fattening steers on account of losses from hog cholera. Where these conditions prevail it is necessary to adopt some method of feeding by which the steers will digest a greater proportion of the grain eaten than they did when fed the old way. An experiment was undertaken at the Kansas agricultural station to test the value for this purpose of grinding feed and cutting hay and feeding roughage and grain together in fattening steers. The first thing that a practical feeder notices when he goes to a feed lot where steers are fed grain and roughage mixed is the absence of scouring. One of the writers of this bulletin has just inspected 270 head of year old calves that were being forced for baby beef. These calves were eating three pounds of cottonseed meal each per day in addition to a heavy ration of cornmeal. The grain was thoroughly mixed with cut alfalfa hay when put in the feed boxes. Not a single calf was found that showed any signs of looseness and the droppings were of the most desirable character. An inspection of 1,800 head of fattening steers that were being rapidly forced for 100 days' feeding showed the same condition of bowels—no scouring, and normal condition of the droppings.

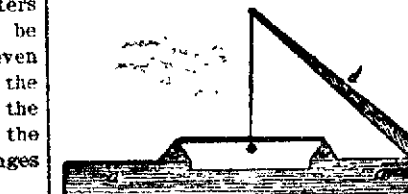

How the Combination Acts.

Mixing the grain with the roughage compels the steer to spend more time in chewing his ration than when the grain is fed alone. The mixed grain and roughage are held in the paunch, where most of the water drunk by the steer is stored, and the water thoroughly softens the mixed feed. The lengthening of the time needed to chew the feed and the holding in the stomach gives the saliva a longer time in which to change starch to sugar. After the mixed feed has become soft it is returned to the mouth as the cud, and the chewing of the cud grinds the grain to greater fineness, putting it in such shape that the digestive juices of the stomach and intestines can better act on it. The result is that a larger portion of the grain is made of use in building up the body of the steer; a less portion of the grain is undigested. The steer gains more for each bushel of grain eaten, better digestion keeps his body in better health, and scouring is avoided. The result is shown in this experiment, where, with the most thorough method of mixing grain and roughage tried, 100 pounds of gain were made with 680 pounds of grain, as against 1,245 pounds of gain required for 100 pounds of gain at this station when ear corn was fed separately from the roughage. It is obvious that the best results will be obtained where the feed is so well mixed that every mouthful which the steer takes is part grain and part roughage. —Kansas Agricultural Experiment Station.

GETTING THE GRADE.

A Device to Assist in the Digging of Ditches and Drains.

A device for assisting in getting the grade while digging drains is described by a correspondent of American Agriculturist. "I took a piece of board, a, a, 8 feet long, 7 inches wide and nailed on two three cornered pieces, b, b, cutting out the section of the board

APPARATUS FOR GRADING.

between them as shown in the illustration. Then I nailed a piece of lath across the tops of the three cornered pieces. A piece of clapboard, d, three feet long, was sharpened nearly to a point on the thin side and nailed diagonally to the side of the eight foot board, this edge down, so that the point of the clapboard would be about twenty inches above the center of the lath. If the lower edge of the board is straight and placed in a level position the line will hang at right angles with it. Have the edge of the lath planed. Take a sharp pencil and mark each side of the line and cut a notch on the lath. To illustrate the use of the device, when the board is level, if a two inch block is put under one end and a notch cut behind the line, the plumb line will indicate the grade and the operator will get a two inch fall for every eight feet, eight feet being the length of the board."

Animal Interests.

The Maltose milk goat is the latest candidate as a money maker.

To grade as baby beef steers should be choice or prime, between one and two years of age and weigh from 800 to 1,000 pounds.

Breeding pigs should be fed largely on a vegetable and bulky diet rather than on a concentrated grain diet.

It is said that a grain ration that is suited for a cow serves very well for hogs supplemented, of course, with grit—oyster shells, bones, etc.

"Contentment is fat," and every little thing that adds to the comfort of the steer or makes him more contented increases the gains which he makes from each bushel of grain.

Where animals have not had free access to salt it is best to work them up to it gradually, as they are apt to overeat and produce scouring.

PLANT PECULIARITIES.
The Reason Fruit Bushes and Vines Are Protected by Thorns.
Most persons think that the stem of a plant grows from the roots. On the contrary, the roots grow from the stem. In the case of a plant that dies down to the ground in autumn it is not the roots that send up a new stem in the spring, for a part of the true stem remains underground on the root crown, and from it grow up the bud bearing stems in the spring. When a seed germinates, it sends the light loving stem upward and the dark loving root downward.
Saw off part of a tree trunk and you will find a series of rings from the center to the bark, each ring marking a year of growth. But these rings indicate also which of the seasons through which the tree has lived were dry and which had plenty of rain. The rings are always of unequal width. The narrow ones represent dry seasons and the wide ones seasons when the conditions of growth were better by reason of plentiful rain.
Every rose has its thorn, and the same may be said of such fruits as blackberries, raspberries, etc., only they are not real thorns, but prickles, which strip off with the outer bark, while thorns will not strip off, being hardened, undeveloped branches.
But why do bushes and vines have prickles? Many people wonder at it, for they see no good reason for such a growth. But there is a reason, as there is in everything in nature. The prickles are given to them as a protection against plant eating animals. The stems have a pleasant, aromatic taste, and cows and sheep would be sure to eat them in winter, when they crave something fresh, if it were not for the prickles.
Startling, But True.
"If every one knew what a grand medicine Dr. King's New Life Pills is," writes D. H. Turner, Dempster-town, Pa., "you'd sell all you had in a day. Two weeks' use has made a new man of me." Infallible for constipation, stomach and liver troubles. 25c at H. F. Vortkamp's drug store, corner Main and North streets.
Supply at Hand.
Employment Agent—I have a cook that will just suit you. She is a young widow and is very fond of children.
Mrs. Kiehligh—But we have no children.
Employment Agent—Oh, that'll be all right, ma'am. She has six of her own.
—Chicago News.

Spot Remedy.
In an article of reminiscences Mary Stuart Boyd says that Bret Harte never obscured his personality. He also had a dread of people regarding him for his work only, not for himself. "Why didn't you tell me it was Bret Harte who said next me at dinner last night?" asked one of society's smartest young matrons in a note to her hostess the morning after a large dinner party. "I have always longed to meet him, and I would have been so different had I only known who my neighbor was." "Now, why can't a woman realize that this sort of thing is insulting?" queried the author, to whom the hostess had forwarded her friend's letter. "If Mrs. ——— talked with me and found me uninteresting as a man, how could she expect to find me interesting because I was an author?"
Stepped Against a Hot Love.
A child of Mrs. Geo. T. Benson, when getting his usual Saturday night bath, stepped back against a hot stove which burned him severely. The child was in great agony and his mother could do nothing to pacify him. Remembering that she had a bottle of Chamberlain's Pain Balm in the house, she thought at once of applying it. In less than half an hour the child was quiet and asleep, and in less than two weeks was well. Mrs. Benson is a well known resident of Kellar, Va. Pain Balm is an antiseptic liniment and especially valuable for burns, cuts, bruises and sprains. For sale by Wm. M. Melville, old postoffice corner.

MAJOR

Winner and His Midget
Wife are Here.

During the Week They Will
be at Michael's

Where the People are Cordially In-
vited to Call and Get Ac-
quainted With the Little
Couple.

Major Noble George Washington
Winner, large in name but short in
stature, and his midget wife, are at-
tractions at Michael's Clothing Store
this week. The interesting little
couple do not claim to be the smallest
people in the world, but so far as is
known they are the shortest married
couple brought before the public. The
Major was born at La Motte, Ia., of
parents who were above the average
size and weight and he would no doubt
have developed into a full grown man,
but for exposure when an infant
which developed spinal meningitis.

Mrs. Winner was Mary Jane Gong-
aware, and she is a native of Ohio,
her birth occurring at Letonia, Co-
lumbiana county. The parents and
other children are of normal size but
Mrs. Winner, like her husband, suffer-
ed an early attack of a disease which
stunted her growth. In neither in-
stance, however, did the lack of vital-
ity in the body affect the mental de-
velopment and both the Major and
his wife are intelligent, polite and af-
fable.

They were married at Mason, Mich.,
Feb. 3, 1896, in the presence of a
great throng of people and since that
time have traveled extensively, being
for a time with some of the largest
shows in the country. They are now
touring the states as a drawing card
for large mercantile firms and not
only their size, but the pleasant man-
ners and jolly temperament make
them friends wherever they go.

Naturally, they have had many ex-
periences of a thrilling, dramatic and
frequently grotesque nature and in the
interview the Times-Democrat had
with the Major and his wife, this morn-
ing, this little man left the impres-
sion that he had profited in more ways
than one through his travels, and
mingling with people of all classes.
He is a splendid judge of character

and reads faces like an open book, but
experience has taught him to pass by
the frequent thoughtless and bold re-
marks which greet his ears as the
crowds come and go. His reply to a
fashionably dressed lady who aimed a
remark at him in regard to what the
Major smilingly terms his homeliness,
would have done credit to a courtly
wit, and the lady had enough good
sense left to offer an abject apology.

Mrs. Winner remarked that it was
a long time before she got used to
being gazed upon as a curiosity, but
she now rather enjoys meeting the
people and seeing the sights which
their travels permit. The Major is 32
years of age, stands 36 inches in his
stocking feet and weighs 42 pounds.
Mrs. Winner is 23 years old, is 35 in-
ch tall and weighs 40 pounds.

A general invitation is extended to
the public to call and see the interest-
ing couple who will be on exhibition
in the rear of the store each day dur-
ing the week.

Special this week, Men's
Fleece Lined Underwear re-
duced from \$1 to 75c per
suit. Michael's.

GENEROUS

Words of Praise for an Allen
County Official.

South Warsaw, O., Nov. 7th, 1902.
To the editor of the Times-Democrat.
Sirs, As I am here from Benton Har-
bor, Mich., on a visit at my brother's,
A. J. Duff's, we were driving around
looking around at your beautiful coun-
try around Lima, I took a fancy to
see how your county took care of your
dependents, so we drove out to the
Infirmary. I have visited several
county infirmaries, but I have never
yet seen one so well arranged both
for cleanliness and neatness, or as
well conducted as it is by the pres-
ent superintendent, Mr. David Baxter.
It appears that Mr. Baxter and his wife
takes pleasure in caring for the in-
mates and are kind and obliging in all
their doings, and I would say fortunate
are the inmates who come under their
care.

Yours,
SAMUEL C. DUFF.

NOTICE, L. A. to O. R. C.
Every member is urged to be present
at the regular meeting Nov. 13th.
MRS. J. L. EDMISTON, Pres.
MRS. R. W. PECK, Sec.

JUDGES

Arrive to Hold Circuit
Court

But Judge Day is Detained
by Illness.

Byron Rice Asks for a Receiver to
Take Charge of Oil Property
in Which He is
Interested.

Circuit court judges Norris and
Mooney arrived today and took up the
docket at one o'clock this afternoon.
Owing to the illness of Judge Day's
wife, he was unable to come to Lima
but may be here tomorrow or Thurs-
day.

Asks For Receiver.

Byron B. Rice vs. Frank M. John-
son, Henry Well, E. M. Coff and the
Ohio National bank is the title of an
action filed today in which a receiver
is asked for to take charge of the
property. The plaintiff is not satis-
fied with the interest he is permitted
to take in the property and says the
defendants will neither buy nor sell.
Richie, Leland & Roby, attorneys.

Beidelschies Assigns.

John Beidelschies, at whose place
Prof. Groth of Ada was assaulted, has
made an assignment to attorney How-
ard Williamson. The personal prop-
erty is estimated to be worth \$1500,
including bar fixtures and household
goods. There is no real estate.

A New Ruling.

Creditors of the county have their
attention called to a recent ruling of
the commissioners. They have de-
cided to meet on the second and last
Tuesdays of each month to allow bills,
and it is desired that accounts be pre-
sented to the auditor by one o'clock
on Friday preceding bill day.

Ditch Hearing.

The county commissioners go to
Wapakoneta tomorrow to meet the
commissioners of Auglaize county and
hear the engineers report on the J. F.
Culp joint county ditch which is in
prospect of building south west of
Hume.

Real Estate Transfers.

P. A. Holland to A. E. and G. B.
Thompson, lot number 2, Lakewood
subdivision, \$250.
Harrison H. Adkins to John P. Ad-

Kins, lots 4780, 4779, College Hill ad-
dition, \$1,000.
John E. Richie to John P. Adkins,
lot 4781, College Hill addition, \$400.

GOODS

Alleged to Have Been Ob-
tained Illegally.

C. L. Adams Apprehended and
Arrested at Alger and Brought
Back to This City.

Sergeant Wingate drove to Alger to-
day to take charge of a prisoner named
C. L. Adams, who was apprehended
and arrested by a constable at that
place on advice from chief Mills.
Adams is charged by J. N. Haller the
former chief of police, who is now in
the grocery business, on the south
side, with having obtained groceries
under the pretense that he was em-
ployed by the Ohio Oil Co., when he
was not so employed.

Mr. and Mrs. Joseph Korn, return-
ed from Defiance where they were pre-
sent at the celebration of the 57th
marriage anniversary of his sister,
Mrs. Fred Wolsifer and husband.
Very Rev. Boniface Russ, C. P. P. S.
on his return from his European trip,
was a guest yesterday and today at St.
Rose parsonage.

Earl Smith and Will Ellerman, went
to Anna last night to spend a week's
vacation, hunting.

BOX 36

Was Sounded for a Small
Fire at Noon Today.

About 11.45 o'clock today, the cen-
tral fire department was called out by
an alarm from box 36. A small blaze
in the roof of the shed kitchen at the
rear of the Maine restaurant. The
fire was extinguished by the use of
the chemical apparatus.

NOTICE.

The Uniform Rank of the Knights
of St. John, will have a meeting this
evening in their hall at 8 o'clock. All
members are requested to be present.
W. J. SCHAFER, Capt. in present.

RAILROADS.

Officers of a New Enterprise
Elected.

A dispatch from Wapakoneta says:
The incorporators of the Sandusky
Southwestern Railway Company,
capitalized for \$1,000,000 organized to-
night by electing the following officers:
President, George A. Hurd, of Bos-
ton; Vice-President and General man-
ager, Frederick O. Olson, of Wapako-
neta; General Superintendent, W. H.
Wyke, of Toledo; treasurer, S. W.
McFarland, of this city; secretary,
Samuel P. Douglass, of Toledo, and
solicitor, Ithamar E. Yarnell, of To-
ledo. Directors were elected as follows:
The officers also named, and Lyman
N. Means, of this city and William J.
Heston and John Van Sanflect, of To-
ledo. This city will be the head-
quarters. The Directors will go over
the right of way tomorrow between
this city and Kenton.

Two fifths of the stock of the Pen-
sylvania railroad is now held abroad.
Formerly a majority of the stock of
the company was owned by Euro-
peans. With the return of good times
much of the stock has been returned
to this country, until a majority of the
stock is now owned here. The new
bond issue is being taken largely by
the English stockholders.

Traffic on the Lake Shore is the
heaviest in the history of the com-
pany. In October over 275,000 cars
were handled between Chicago and
Buffalo. On the branch lines 14,000
more cars were handled than during
October of last year.

Engineer T. S. Tahan, of the C. H.
D., who has been off duty for the
past few weeks, enjoying his honey-
moon, reported for work last night.
He and his bride are now nicely domi-
ciled in their elegantly furnished
home at 724 north west street.

I live and let my brethren live
With all that's good with me.
Unto the poor, some cash I give.
The balance, I give Rocky Mountain
Tea.

H. F. Vorkamp, corner North and
Main streets.

NOTICE W. V. R. U.

Will meet at hall, corner block,
Tuesday evening, Nov. 11. Business
of importance; every sister urged to
be present. 33-2t

Pennsylvania Lines.

FARM GARDEN

CELERY STORAGE.

How Growers, Large and Small, Handle the Last of the Season's Crop.

Large growers handle the last of the celery crop by the method known as trenching. The celery is partially banked with earth and allowed to remain where grown so long as there is no danger from heavy frosts. The work of trenching will be greatly facilitated by setting up two parallel lines of twelve inch boards about eighteen or twenty inches apart, between which the celery is packed with the roots imbedded in the soil. When the space between the boards is filled, the soil is thrown up on the outside to the tops of the boards.

Another method of trenching is to excavate a pit (see first cut) to a depth

CROSS SECTION OF PIT FOR CELERY.

of about twenty-four inches and three feet wide and of any desired length. Thoroughly loosen the soil in the bottom or shovel in loose top soil to form

How long will it take the man to fill the sack if he does not stop the leaks? To attempt to maintain the body when the stomach is diseased is like trying to fill the hole in the back with the hole in it. When the stomach and other digestive and nutritive organs are diseased, there is a constant loss of nutrition. Enough is eaten, but the body loses flesh—plain nutrition that the food eaten is largely wasted because it is not digested and assimilated.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It stops the leaks by which nutrition is lost, and enables the building up of the body by the nutrition derived from food. The gain in weight proves the cure.

"Three years ago I was taken sick with what the doctor called nervousness and indigestion," writes Mrs. Warren E. Parker, of Orange Street, Nantucket, Mass. "He gave me medicine for the trouble, but I could not eat even a little food without suffering severely. In a few months I began to have distressing pains right in the pit of my stomach. I called the doctor again and he told me I had catarrh of stomach. He gave me medicine but it did not do any good. I lost 25 pounds in three months. I then commenced taking Dr. Pierce's medicines and soon began to feel better. I have taken six bottles of 'Golden Medical Discovery,' two of 'Favorable Prescription,' and six vials of Dr. Pierce's Pellets. I have gained ten pounds. Can eat everything."

Dr. Pierce's Pleasant Pellets cure constipation.

With a Grain of Salt.
The earliest record of the saying "With a grain of salt," dates back to the year 45 B. C., when the great Pompey entered the palace of Mithridates and discovered among his private papers the description of an antidote against poisons of all sorts, which was composed of pounded herbs. These, according to the recipe, were to be taken with a grain of salt. Whether this was meant seriously or as a warning against is not known, but therefor became the custom to say that doubtful preparations should be taken with a grain of salt.

From this the meaning got transferred to sayings of doubtful truth. "Attic salt" was a Greek synonym for wit or penetration, and the Latin word "sal" had somewhat of the same meaning. It is thus easy to see how the saying, "Cum grano salis," could have come to mean the necessity of accepting doubtful or suspicious statements "with a grain of salt."

The Best Remedy for Croup.
From the Atchison, Kan., Daily Globe.
This is the season when the woman who knows the best remedies for croup is in demand in every neighborhood. One of the most terrible things in the world is to be awakened in the middle of the night by a whoop from one of the children. The croup remedies are almost as sure to be lost. In case of croup, as a revolver is sure to be lost in case of burglars. They used to be an old-fashioned remedy for croup, known as hives syrup or colts, but some modern mothers say that Chamberlain's Cough Remedy is better, and does not cause so much trouble. Give the patient to "throw up phlegm" quicker and gives relief in short time. Give this remedy as soon as the croupy cough appears and will prevent the attack. It never fails and is pleasant and safe to take. For sale by Wm. M. Meiville, old post office corner.

NOTICE OF APPOINTMENT.

Estate of Taylor Conine, deceased.
The undersigned has been appointed
and qualified as administrator of the
estate of Taylor Conine, late of Allen
county, Ohio, deceased.

Dated this 10th day of November
A. D. 1902.

R. F. HICKEY,
Administrator.

23-3w P. O. Address, Gilboa.

NOTICE TO BOND BUYERS.

Sealed bids will be received by the
city clerk of Lima, Ohio, until 6
o'clock noon, Monday, December 23,
1902, and opened immediately there-
after, for the purchase of \$150,000
water works bonds known and desig-
nated as "Water Works Bonds of the
City of Lima, Ohio, Series D" and is-
sued for the purpose of obtaining
money with which to enlarge, extend
and improve the present water work
plant of the city of Lima, Ohio, as au-
thorized by the electors of said city
at a general election held April 7th,
1902.

Said bonds shall be in denomina-
tions of \$1,000 each; shall be 1st
number; shall be dated October 1st,
1902, and be made payable as follows:
\$10,000 on the first day of October,
1912, and \$10,000 on the first day of
October in each and every year there-
after until all shall have been paid.

or obtaining certain outstanding orders and other indebtedness, in said amount, of the city of Lima, Ohio, secured as the corporation's portion of the cost of certain special improvements, which orders and indebtedness have heretofore by the council been determined to be existing, valid and binding obligations of said city.

Said bonds shall be in denomination of \$1,000 each; shall be 25 in number; shall be dated October 1st, 1902, and made payable as follows: \$1,000 on the first day of October, 1904; \$1,000 on the first day of April, 1905, and \$1,900 on the first day of October and April in each and every year thereafter until all shall have been paid.

Said bonds shall bear interest at the rate of four (4) per cent per annum, payable semi-annually, with principal, as same matures, at the office of the Treasurer of said city of Lima, Ohio.

No bids for less than par value of said bonds will be considered, and bidders should specify the amount bid for and the premium, if any, that is offered.

Bidders are required to use form of proposal furnished by the city clerk and no bid will be considered unless accompanied by a certified check on a Lima, Ohio, bank, payable to the city clerk in the sum of at least five per cent of the amount of bonds bid for. Should the bidder to whom said bonds are awarded refuse or neglect to accept said bonds and pay to the city of Lima, Ohio, the amount of his bid within twenty days after said bonds are ready for delivery, then said deposit will be retained by said city as liquidated damages for such failure.

The right to reject any and all bids is reserved.

By order of city council,
FRED C. BEAM, City Clerk.
Lima, Ohio, Oct. 30th, 1902.

garding the running of trains, apply to agents
of the Pennsylvania Lines.

TWO TRACKS TO TEXAS

grow plants, placing the roots close together with considerable soil adhering to them. As the celery is placed in the trench it should be well watered and the trench allowed to remain open long enough for the tops to become dried off. Unless the soil is very dry at the time of storing or extended warm weather should follow, it will not be necessary to apply any more water. Place a twelve inch board on edge along one side of the trench and bank up the surplus earth on the outside. Cover the trench with a roof of boards, sash, straw on poles or conesticks from which the tops have been removed, placing the straw across the pit with

AN UNCHANGED BILL

**The Clothing Merchant Was Told
Much Far the College Professor**

Ex-President Gates of Amherst college was a man with three salient characteristics—belief in compulsory worship as a means of grace, worry of language and a fondness for bargain hunting that was almost feminine. As illustrative of the latter it is told that on a certain occasion Mr. Gates bought for \$3 a pair of trousers that had been marked at \$6 and had them charged. The first of the month a bill came in: "To one pr. pants, \$3."

Mr. Gates crossed off the "pants" and

He was cutting an item from a newspaper.

"It tells how a house was robbed, and I want to show it to my wife," he explained.

"What good will that do?" a friend inquired.

"A whole lot," was the reply. "You see, this house was robbed while the man was at church with his wife."

"Say," exclaimed the friend excitedly, "you haven't got a duplicate copy of that paper, have you?"—Chicago Post.

There is no such medicine so potent as Foley's Honey and Tar. It contains no opiates or poisons and

Bidders are required to use a form of proposal furnished by the clerk; and no bid will be considered unless accompanied by a certified check on a Lima, Ohio, bank, and payable to the city clerk, in the sum of at least five per cent of the amount of bonds bid for. Should the bidder whom said bonds are awarded refuse or neglect to accept said bonds and

plaintiff, vs. Emeline Davis, et al., defendant. By virtue of an order of sale issued from the probate court of Allen county, Ohio, and to me directed, I will offer for sale on the premises hereinafter described in Lima, Allen county, Ohio,

Saturday, November 15th, 1902, between the hours of 1 o'clock and 3 o'clock p. m., the following described lands and tenements, situated in the city of Lima, Allen county and state of Ohio and described as follows, to-wit:

Being in-lot number nineteen hundred and four (1904), and ten (10) feet off of the east side of lot num-

FRISCO
SYSTEM

A. D. Murray, General Agent, Oberlin Trust building, No 407 Walnut st. Cincinnati.

Although various types of storage structures have been found it is unprofitable to store celeriac for late marketing, and those who still adhere to the practice do so in order that they may control and supply a special trade. Even under special circumstances there is only a moderate profit in storing for late marketing. Where these circumstances exist the best form of storage is a broad and long structure with low walls and even span roof coming almost to the ground at the sides. The roof should be of heavy planks, with one end resting on top of the wall and the other on a ridge pole supported by a line of posts through the center. The cracks between the roof planks may be battened with old celeriac blanching boards and the whole covered to a depth of four inches with earth and sodded over or double roofed to keep out frost.

tion. Thompson looks at him a moment and then replied:

"President, I have been in the clothing business for twenty-five years and during those twenty-five years everything in my shop above \$5 has been trousers and everything below \$5 has been pants. It's pants you got, m'egad, sir, it's pants you'll pay for." New York Times.

HE COULD HARDLY GET UP.

P. H. Duffey, of Ashley, Ill., writes: "This is to certify that I have taken two bottles of Foley's Kidney Cure and it has helped me more than any other medicine. I tried many advertised remedies, but none of them gave me any relief. My druggist recommended Foley's Kidney Cure and it has cured me. Before commencing its use I was in such a shape that I could hardly get up when once down."

Mexico's Dirtiest City.
Merida, the capital of Yucatan is, it is said, the richest city in Mexico in proportion to its population, which is placed anywhere from 50,000 to 90,000. It is also the dirtiest city in Mexico which is saying something very unpleasant, for there are few clean cities in the sister republic. Merida has neither a water nor a sewerage system and that it is not depopulated every year speaks well for the constitution of the inhabitants.

A Startling Surprise.
Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that forty years he suffered such torture from rheumatism as few could endure and live. But a wonderful change for the better has come over him since he

asked you back to the court:
"Yes, dad did kick at the expense
but I threatened to stay at home and
help him run the huskies, and he d-
ecided college would be cheaper."—D-
etroit Free Press.

W. A. Herren, of Finch, Ark., writes
"I wish to report that Foley's Kidney
Cure has cured a terrible case of kid-
ney and bladder trouble that two
doctors had given up."

H. F. Vortkamp, corner Main and
North streets.

Very Short.

The Bud—Why does Mr. Spatts wear
such short trousers?
Bud—Because they fit him,
and him for a small lion, and
said he was so short his corns made his
head ache.

The undersigned has been appointed and qualified as administratrix the estate of Wm. F. Baker, late Allen county, Ohio, deceased.

Beet Growing Under Irrigation.
For the future development of the
sugar industry we can look confidently
to Colorado, Wyoming, Montana, Ida-
ho, Utah, Arizona and Nevada. Be-
lowing under irrigation is peculiarly
successful and may with its aid be
extended south into Kansas and other
states in this latitude. In no other
area in the United States is the pros-
pect for future growth of the industry
better than in the mountain states.
Sugar production in this area means
what wheat does to Kansas and Min-
nesota, what corn does to Iowa and
Illinois, what cotton does to Missis-
sippi, Alabama and other states of the
south and what fruit culture means to
California. The arid region will as-
sume some agricultural prominence largely
through the influence of beet sugar
production as surely as have those
through the various products men-
tioned. Whatever else can be said of
the sugar beet, it is a blessing to the
arid region.—C. F. Snyder.

Two sockets wrongly cutted me, I
wriks," and I have not felt a twi
in over a year." They regulate the
kidneys, purify the blood and cure
acne, eczema, neuralgia, nervousness,
improve digestion and give perfect
health. Try them. Only 50c at H. I.
Vortkamp's, corner of Main and North
streets.

Smallest People in the World.
The inhabitants of the Andaman Is
lands are the smallest race of people i
the world. The average height of a fu
grown Andaman is 4 feet 5 inches, an
few weigh over seventy six pound.
They are marvellously swift of foot
and as they smear themselves over
with a mixture of oil and red ochre
present a very strange appearance.
Few travelers care to encounter any of
these belittled little people, for the
skill in throwing the spear and in usin
the bow is only equalled by their readi
ness to attack strangers.

ONE

Of the War Time
Congressmen

Goes to Rest.

Hon. F. C. LeBlond Died
Sunday Night.Was Nominated for Congress-
man in This City in
"Sixty-two."The Deceased was a Factor in
Democratic Politics in This
District for More Than
Half a Century.

Hon. Frank C. LeBlond, one of the oldest and most prominent Democrats in this congressional district, died suddenly at his home in Celina, Sunday night, death resulting from a stroke of apoplexy. The deceased was an active leader in the Democratic party in the district for more than half a century. In 1862 he was nominated for congressman at a convention that was held in the Ashton hall in this city, an event that was recalled by Dr. S. A. Baxter, when informed of Mr. LeBlond's death this morning. He has been a familiar figure in every Democratic convention that has been held in the district since that time, concerning him a dispatch from Celina says:

Francis C. LeBlond, one of the oldest ex-congressmen in Ohio, died late last night. The funeral services will be held at 2 o'clock Wednesday afternoon.

Mr. LeBlond was born in Knox county, Ohio, Feb. 14, 1821. He enjoyed such advantages of primary education as were usually found in villages in that remote time when "hick" and "larn" were inseparably associated. Later, however, he received the finishing touches to his education at Prof. O. O. under the direction of Prof. Edward M. Thompson, who, in after years, was a noted Bishop in the M. E. church. Having equipped himself with the essential education to be garnered from text books, he entered the law office of John Whitbeck, in Norwalk, applied himself diligently to the study of law and was admitted to the bar in 1844. He at once came to St. Mary's, which was then in Mercer county and the county seat, and began the practice of law, which he has since followed without a break in continuity. In 1848 he removed to Celina, where he has since permanently resided.

When only 26 years old, with only three years' experience, he was elected prosecuting attorney of the county, which position he has several times filled. In 1851 he was elected by the Democratic party Representative to the Ohio Legislature, and was re-elected in 1853. The Legislature

met in 1854 was Democratic in principle and action. With the late nature convened Mr. LeBlond was chosen Speaker.

In 1855 he was elected to Congress, and re-elected during the most critical period in the country's history. Mr. LeBlond's four years' service in Congress during these troublous times, was a liberal education in statecraft.

Mr. LeBlond has been an active and consistent Democrat all his life.

To his influence and energy, Celina is largely indebted for the L. E. & W. railway. In association with the late Senator Calvin S. Brice, he worked with might and main to secure the location of the road, and, with the Senator, rode and walked between Celina and Lafayette, Ind., to secure the right-of-way. He also took an active part in securing the location of the present Cincinnati Northern and C. H. and D. Railroads, giving right of way through his lands to each, and otherwise contributing to their location and completion. Mr. LeBlond was one of the original subscribers to the capital stock of the Citizens' Bank and assisted in directing its business for a number of years.

Two sons, Charles M. LeBlond, at one time a member of the Ohio Legislature; Frank and one daughter, Mrs. Charles Klobb, survive him. The two sons are both in Hawaii, in the Sandwich Islands.

There is only one other ex-Congressman in Ohio, who was a cotemporary of LeBlond, and he is Warren P. Noble, of Tiffin, who is about 82 years of age. They are the best of the old-time Democrats of the war period.

PURPLE

Five Team Ready to Meet
All Comers.

The Purple Five basket ball team has started practice and has strong chances of beating any team in Lima outside of the representative team. This team has played together for four years with practically no change. The Purple Five came within a hair of beating the high school last year and while the high school loses its three best men, the Purple Five remains the same. They distinguished themselves last year by defeating the Fostoria city team 29 to 16 and the Lima college, 67 to 17. The first games will be with the High school on Thanksgiving and Friday and Fostoria the 4th and 5th of Dec., at Sam Reeves' Park. It was Prof. Hardy's intention to take this team to Chicago in 1904 to contest for the Junior championship of the United States.

Special this week, Men's Fleece Lined Underwear reduced from \$1 to 75c per suit. Michael's.

SICKNESS

Of Mrs. M. J. Miller is Very Serious.

Judge Miller was at Amanda's township yesterday at the bedside of his venerable mother, who a short time ago sustained a very severe stroke of apoplexy, from the effects of which she is not rallying. This is the second stroke Mrs. Miller has suffered, and as she is in her 72nd year, fears are entertained as to the result of it.

There will be a ladies social and dance for all Masons in the city tomorrow evening.

DON'T

Leave Your Happy Home

For a Tour

Of the Delightful Foreign Countries

But Wait Until Friday and Get a Glimpse of the Genuine Article.

An Entertainment of Great Magnitude Arranged by the Ladies of the First Baptist Church.

For several weeks the people of Lima have had their curiosity excited by indefinite notices calling attention to a trip around the world which all were invited to take on November 14.

In this manner the Ladies Aid Society of the First Baptist church have brought to public notice one of the most elaborate entertainments ever proposed by a church organization and the unique character of it is sure to attract the attention hoped for.

The start is to be made from the rooms of the Whitney-Courier Co. in the Bourquin block, where the arrangements will be in strict accordance with a union depot, with its lunch and news stand, boot black, porters, ticket sellers and train callers. Hack (or trains as they should be called) will leave the station from 2:30 in the afternoon until late in the evening on schedule time and 50 cents will pay for the entire trip.

The countries represented are America, Germany, Japan, Russia and Iceland and Italy. The host and hostess at America will be Mr. and Mrs. Ira Longworth, and the interior of their home will be arranged to represent the scenes typical of our own dear land. In going back to the Indian empires through the colonial period, and up to the present time.

Miss Hannah Weaver will be the host at Germany and the same idea will be carried out as to costumes and habits.

Mr. and Mrs. S. E. Flueter will entertain all who pay a visit to Japan; Mr. and Mrs. A. C. Baxter invite everybody to stop off at Russia and Iceland and Mr. and Mrs. F. H. Hillman have an elaborate display to remind one of sunny Italy.

At each country here taking part will wear the costumes of the nation and a luncheon typical of the country will be served. There will be an orchestra at each home and in the evening Dana's band will play at the station.

Several hundred persons have been engaged to carry out the necessary effect and the occasion is one which should and, no doubt, will be liberally patronized.

FUNERAL SERVICES

The last sad rites over the remains of Mrs. John F. Seifried will be held at St. Johns church, Thursday morning at 9:00 o'clock. The services will be conducted by the pastor, Rev. F. G. Rupert. Burial in Gettysburg cemetery.

MASONS

Elect Officers for Ensuing Year.

Garrett Wyckoff Lodge No. 585, F. & A. M., held its annual election of officers last night, resulting as follows: Wm. Melville, W. M.; Frank Frey, S. W.; John Thomas, J. W.; W. H. Stoddish, treasurer; E. H. Johns, secretary; Hugh Cameron, S. D.; E. E. Whelan, J. D.; J. H. Blanton, J. D.; R. L. Bates, trustee. The practice of the Masonic hall company remain the same as formerly.

See the Midgets at Michael's.

FUNERAL OF MRS. KISSEL

The Ladies' Aid Society of the German Reformed church, will meet at 9:30 tomorrow morning at the church, to attend the funeral of Mrs. Jacob Kissel. Visitors will be waiting to convey the ladies to the cemetery. Services will be held at the church at 10 o'clock.

THE DOLLAR MARK HAS BEEN PASSED.

Another Boost of Two Cents Per Barrel Given Lima Oil Today.

The Standard Oil company gave crude oil another boost in the market today, the quotations for western oil advancing three cents while Lima and Indiana oil went up 2 cents on the barrel. North Lima oil has passed the coveted dollar mark. The market quotations are now as follows:
